

1. Purpose

This procedure describes how Kennesaw State University (KSU or the University) identifies environmental and occupational safety (EOS) laws, regulations, and other requirements that are applicable to EOS activities and operations at KSU.

2. Scope

This procedure applies to all KSU operations and activities.

3. Responsibilities

- a. The EHS Department is responsible for maintaining a comprehensive list of applicable EOS laws and regulations, and for informing the University of new regulations and requirements that apply or have an impact on KSU operations. (Reference EHS Communication Procedure, EOSMS-109.)
- b. The director of the EHS is responsible for coordinating with the KSU Division of Legal Affairs as appropriate.

4. Procedure

a. List of Regulatory and Other Requirements

- 1) The EHS Department maintains a list of regulatory and other requirements that is current and applicable to operations and activities occurring at KSU. (Refer to Table 1 of this procedure.)

b. Maintenance and Review of Regulatory and Other Requirements

- 1) The EHS Department periodically assesses University operations and activities to identify new developments or changes that may have regulatory impact to keep the list of regulatory requirements current.
